## German Praise for President Wilson

NEW YORK, Oct. 18.—A petition signed by sixty-seven German-American residents of Knox county, Ohio, in which they state their emphatic disapproval of the "hyphenated" propaganda against President Wilson was given out at the Democratic National Committee Headquarters yesterday. The petition reads:

"We, the undersigned American citizens of German parentage, residents of Knox county, Ohio, wish to voice our approval of President Wilson's methods of avoiding war with

any foreign power, and wish to thank him for our present peace and prosperity. Word has come to us that Republican managers are expecting the Democratic voters of Teutonic extraction to help them defeat the President.

"We feel that Mr. Hughes could have done no better, and might have done worse. Therefore we ask all sympathizers with the Fatherland to support the President, and register a truly American protest against the conduct of a few professional politicians who are trying to concentrate the German vote for Mr. Hughes. We wish to express our measureless contempt for these un-American schemers who have brought discredit on the name of German-American."

## Grant Miller Draws Big Crowd In His Talk at Winnemucca

(Special to the Appeal) WINNEMUCCA, Oct. 17.—Republicans and Democrats alike acknowledge that the audience which gathered at Winnemucca opera house to hear A. Grant Miller was one of the largest which greeted a political speaker during this campaign.

When the reporter came in late he was buttonholed by a leading Republican who asked if he could have a copy of the speech. "It's great," he said, "and he's holding his audience too." He not only held the crowd until the close of his speech, but it was more than a half hour after that he was able to get away to his dinner.

In the morning he spoke at the Packard mine, Lower and Upper

Rochester. When he told the crowd at the latter place that Platt didn't have a ghost of a show, the laughter and applause indicated that the Republican candidate was not very popular in that section. A bystander remarked that Platt would waste his time if he came campaigning among the miners of Rochester.

Sam is sure of one vote, though, unless a friend of the reporter's changes his mind between now and election day. And he's a good fellow at that.

At the four meetings of the day \$64.25 was collected to pay for the "gasoline," in addition to the Winnemucca people paying for the opera house.

## Pro-German House Betting On Wilson

NEW YORK, Oct. 18.—Betting on election results in the financial district yesterday brought out more Wilson money than had been reported before, and a number of large wagers were made. Stock Exchange members told of one bet made on the floor of \$700 for Wilson against \$1,000 put up by a Hughes backer. Another wager of \$3,000 by a Stock Exchange man on the President's chances for reelection against \$5,000 on Mr. Hughes was reported. These two transactions indicated irregularity of odds which was also in evidence on the Curb.

Early in the day Curb brokers said that \$25,000 was available to bet on Wilson at 1 to 2, but supporters of the Republican candidate asked 8 to 5. J. J. Judge, a Curb broker bet \$4,000 for a Stock Exchange house on Wilson against \$6,400. Another line on the mixed odds was supplied by Edward McQuade in the open air market, who said he had \$800 to wager on the President against \$1,000 Hughes money.

Frederick Schwed, one of the partners of Enrich & Co., No. 67 Exchange Place, known as a big better on politics among the Wall Street brokers said yesterday that the odds

against Wilson had shortened to 2 to 1, with the chances favoring a still closer price. The most significant point in the betting market, according to Mr. Schwed, was that much of the money bet on Wilson in the last two or three days came from strong pro-German houses which previously had been paying as high as 2 to 1 on Hughes.
